

MILITARY BENEFITS ASSISTANT

Access Your Benefits

Impact Report – 2024-2025

Mission

Military Benefits Assistant empowers service members, veterans, and their families by simplifying access to benefits with the power of modern technology. Our platform provides clear guidance, resources, and a supportive community, ensuring those who served can access the opportunities they earned.

Purpose

Military Benefits Assistant provides personalized resource access to federal education benefits with a specially trained artificial intelligence-powered advanced guided interview.

Vision

Military Benefits Assistant strives to be the premier platform for the military community to access benefits and resources offered by federal, state, local, tribal, nonprofit, and business entities. Bringing together all who support the military community and leveraging the power of artificial intelligence can allow service members, veterans, and their families to access benefits and expand the number of people that organizations can reach.
